

Vintage RC Off-Road Meeting And Fun Run

Saturday June 11th 2011
9:00am – 5:00pm

Featuring:

Swap meet, Shelf queen display, Open track all day
We have built a track for short course trucks; there are no large jumps or extreme track sections. The track is very vintage friendly so come on down for a day of fun.

We have a large shelter if weather doesn't cooperate.

This will be a very laid back day of fun swapping parts, showing off our shelf cars and running on the track with some side by side vintage R/C vehicles. So bring some burgers a grill and an EZ-up for some fun playing. A limited number of picnic tables are provided but you may also want to bring your own tables and chairs. There is no AC power available at the site so be prepared to charge off of your full size cars' 12V battery in the case that you wish to run any of your R/C vehicles.

Directions: go to <http://www.elifield.com> we are located in central Illinois half way between Champaign and Decatur on Interstate 72 in Monticello

9:00am – 5:00pm Saturday June 11th 2011

"THIS IS NOT A RACE EVENT"
